

## From The Desk of Chairman

Quality Textile is the core of **our commitment to the society** for making finest Fabrics, Home Textiles & Garments and giving true value to our customer's expectations towards our company with latest inclination and Designs.

We are committed to our shareholders customers and society for providing best of us and maintaining trust level between our channel partners. Again we have followed **Green Initiative** with our world class machineries to give environment a reason to keep smiling on us.

From the Inception of the Jindal, it has grown from a Small venture to a Public Limited company. The story of Jindal success has been written by the associated people by putting their best effort and making it as a huge family.

Keeping an eye on the Home Textile, Denim and other core products Jindal is eyeing on increasing the existing capacities as a result of increased demand from Domestic and Overseas economies. In recent years making new clients along with maintaining good relations with existing clients Jindal as deeply focused upon the Domestic as well international market.

Jindal is very aggressive and focused about the future targets and increasing the competitiveness across all products and brands we offer. Time, quality and competitiveness is again our main focus and best results are the benchmark.

**With optimistic results during the financial years has helped organization to achieve the heights in the Textile Domain and has given investors and channel partners a reason to celebrate.**

*Dr. Y.K. Aggarwal*

## Denim

“A Rugged Cotton twill Textile” which has change the history of textile with its unique style and now is the part of day to day lifestyle. We have already proved ourselves the best player amongst the others by maintain strong quality standards, high user satisfaction and again elegance in **Denim**. The Denim is the ultimately a fabric woven by Yarns like Lycra, Spandex, Slubs, Rings etc. which is ultimately reflected to provide Mix Color Wraps, dobby Design, Distinct Dyeing Recipes., too. With the help of our reliable and innovative R&D labs we have implemented ideas and have introduced new and unique Denim Products each time.

Jindal Denims Inc.

## Bottom Weight

Bottom weight is again a part of our expertise and we have been proved as global performer for the Bottom Weight Products. Having the world class infrastructure and best machineries to deal with the ever expanding Global demand with producing uncompromised Highest Quality fabric we have satisfied our clients in domestic as well international markets.

With its cutting Edge Technology machines we are supplying all most all type of products like Dobbies, double cloth, corduroys, cotton twills, cotton tussar, cotton viscose, micro Tussar, pc x pc, etc.

## Yarn dyed Shirting fabrics

Yarn is not only about to be woven and converted into a fabric but also reflects the colors and vibrancy across all its use into fabrication. Which is the signed of passionate people, Shirting fabric has revolutionized the people’s daily lifestyle with its vivacious and comfortable feeling over the years.

We have focused on producing the best Yarn dyed Shirting fabrics for the global demand and becoming the popular brands amongst other key players.

We are offering a wide range of quality shirting like this can be Rich Cotton, Casuals, Plaid, Striped, Micro-Dot, Classic, Military, Western, to match to any taste with high quality standards of any country, any culture and any individual

## Home Textile

From the years we have understood the basic principal of how home should be and how home can be. Our finest products based upon different theme and concepts are to make your home more lively even more personal to you no matter what you think your home should feel, we provide our products for almost of all taste\feels. Our newly and well designed and innovated fabric for Home comes with a wide variety.

We have been accepted in the millions of homes within the countries like U.S. Canada, Germany, France, Italy, Poland, Chile, Mexico and Israel, with same passion and quality at we are the best. Of course we are dominating the domestic market with our easy to reach channel partners and latest fast moving retail Stores Membership Drive Exceeds Goals, and New retails stores.

The growing number of Indian Consumers has inspired us to increase our innovation as well as increasing the ranges within Home Textiles requirements. Even further we are encouraging our designers to make unique theme based colors and themes to enhance product range.

## Infrastructure

We are located at the Ahmadabad the Manchester of early India with having State-of-the-Art Operational Manufacturing Units which continuous and standing for high End Weaving to confection, and packaging for retails.
